

January 2018

Kerry worked with my family over a few weeks when we were packing and moving house. I needed some professional childcare as my son was 3 months old at the time, so of course at that young age they need a lot of attention, care and of course they are still settling into a routine.

Kerry was recommended to me by a friend i trust. After our first meeting I was confident she was someone I could trust. she did a great job of looking after the little one in order to give us some time each day to get the house sorted.

Kerry's approach is very good as you know your little one is in safe hands as she has many many years experience but also she has a great natural instinct with children and young babies which I saw first hand.

She is hard working, punctual, professional knows every nursery rhyme there is :-)) my little one was very happy to be looked after by Nanny Kerry.

She also thought me some good tips on defining and settling babies to sleep.

I would not hesitate to recommend Kerry for children of all ages as also having gotten to know her I have a feel for how much fun the kids have in her company whilst making sure their routine is maintained.

She has my details should you wish any more information I would be happy to take a call.
