

I would like to recommend Kerry Jenkins, who has been our babysitter, when we are in Marbella, for the last six years. Kerry is an extremely experienced and professional nanny, who takes her responsibilities very seriously, while still remaining fun and entertaining.

Kerry is always punctual, with a cheerful smile and engages my boys with creative and enriching activities. I always feel relaxed when I leave my children in her care. Kerry has a natural affinity with children of all ages, and my boys love spending time with her to such a degree that we consider her to be part of our family.

By hiring Kerry, you can be assured that your child/children will have a positive role model. She entertains our children by turning practically everything into a fun game. Kerry knows how to structure her time well, but is also flexible.

Her approach to caring for our children compliments our personal philosophies, while being confident enough to make independent decisions, when required.

Please feel free to contact me on 00 353 87 778 0015, if you would like to hear more about our experience with Kerry.

Yours sincerely,
Lisa & Fergal McHugh
