Montessori Early Childhood Teaching Diploma, NVQ Level 2 &3 Early Years Care and Education, NVQ Level 4 Management, Level 3A1 Award Assessing Candidates and Level 4 V1 Certificate Conducting Internal Quality Assurance.

Employment History in Spain

Torre Montessori Playgroup

I helped set up and run a morning play group for children under 5 years of age. We provided educational and fun activities to help develop the children's natural curiosity and learning in an early years stimulating environment.

Torre Montessori “Be Bi-lingual” English language centre

Running alongside the playgroup in the afternoons during school term time, I gave English classes to local Spanish children of Primary school (age 3- 11 years). The ethos of the centre was for children to learn English through structured Play and educational activities, making learning a fun experience for all. Unfortunately I had to close the language school in June 2023. Since then I have been doing private English classes for some of my students.

Crèche Spain

In the summer months I provide mobile crèches, childcare and babysitting for weddings. For the crèches I take age appropriate toys, games, arts and crafts to keep the children entertained during the meal and speeches. I'm also available in the day for childcare and at night for babysitting.

Personal Information

I am conscientious, professional, dependable and have excellent interpersonal and communication skills. I have lots of energy and positivity

and thoroughly enjoy working with children.
