- Recording vital signs

Key achievements

- When a patient exhibits confidence and dignity under my care I am satisfied.
- Achieving high standard of hygiene health and safety with zero incidence
- Enabling the patients to live in their own homes and retain as much independence as possible

Work Experience

***Vimbikai Garapo* | Caregiver | April 2022 – October 2022**

Outline: I cared for Vimbikai when she had an accident and broke her leg. I nursed her back to health. My responsibilities were

- Personal care like bathing, grooming and dressing
- Assist her with activities of daily living
- Preparing meals and feeding her
- Administering prescribed medication
- Assisting with toileting
- Assisting with physiotherapy
- Keeping her company

***Sheila Gwekwerere* | Caregiver | May 2014 – December 2019**

Outline: I took care of Sheila's aunt since she got a stroke in 2014. She later passed on due to other related health issues. She also had dementia.

Responsibilities

- Personal care like bathing, grooming and dressing
- Assist her with activities of daily living
- Preparing meals and feeding her
- Administering prescribed medication
- Catheter care, Toileting
- Assisting with physiotherapy
- Providing companionship
- Any other duties requested by family
