Temporaty Governess-Marbella Novembe-December 2023

I worked as a governess for a Ukrainian family, helping their two girls aged 4 and 6 improve their English. I spent four hours with them on weekdays after school, and on public holidays and some weekends, we had six-hour sessions filled with fun activities to enhance their language skills. My main role in the fully staffed household was to teach the children English and engage them in English conversations.

Temporaty Governess-Marbella April 2023

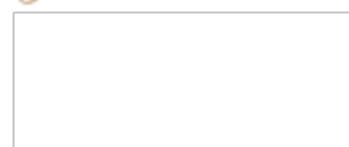

In In spring 2023, I was an English tutor for a 6-year-old in a Russian family, focusing on immersive Montessori-style learning. Our sessions included outdoor play, painting, toy play, and occasional reading to enhance her English skills. I created a creative environment to boost her confidence and vocabulary, leading to noticeable improvements in both. This experience showcases my dedication to interactive language development methods.

SAUDI ARABIAN FAMILY

Holiday Nanny-Marbella July 2023

Provided full-time care for a Saudi Arabian family during their summer stay in 2023, tending to their three children (ages 8, 5, and 2). Collaborating with the mother, I embraced a "mother's help" style, managing all three children for 8 hours daily. Our daily routine included morning pool activities, followed by beach time after a light snack. Lunch either happened by the pool or back at the house. I ensured smooth outings by preparing snack boxes for pool sessions, occasionally treating the children to ice cream. Post-lunch, I facilitated screen time or light-hearted activities to accommodate their post-outdoor fatigue. Beyond the routine, I organized playdates at the family's residence and accompanied the children to their friends' homes, fostering a well-rounded summer experience.
