

Guadalupe

summary

I am 18 years old. I am finishing my last year of school in Las Chapas (Marbella). I love spending time with children. I am the second of five siblings so I have taken care of my little brothers since I was a child. I also have been working as an "aupair" for two years. I am very kind and friendly, organized and hard-working.

Experience

As I have already said, I have been taking care of children for two years now.

I have been with children of all ages from babies to 7 years old. I am qualified to take care of them both during the day and at night

I also live next to my cousins and I have stayed many weekends with them when their parents have left
